BUSINESS GROWTH & TECHNOLOGY SOLUTIONS

In collaboration with **Maranatha** and **Cyber Intelligent Partners**, using AI powered analysis, individuals are earning a yearly average tax savings of \$35K-\$50K!

LG Resources has successfully helped thousands of clients with curated solutions designed to reduce business costs, optimize productivity, and ultimately increase revenue.

Successful Results. Certified Reputation!

- Helped over 10,000 businesses secure \$2.2 billion with the **Employee Retention Credit (ERC)** program. One client received \$300K from an ERC claim, allowing expansion of new offices and hiring of more staff.
- **Preventative Health Care Solutions** has insured over 10,000 lives with 100% retention rate and each employee able to return \$900 annually back to the company.
- Other cost-saving business solutions for property tax, alternative energy, and research & development credit.
- Team includes CPAs that serve as expert witnesses in IRS cases, former IRS employees, nearly 20 years of private wealth management experience, and fully vetted 3rd party attorneys for other services.

TAX PLANNING & PREPARATION USING ARTIFICIAL INTELLIGENCE (AI)

- All strategies cite IRS tax code, include audit protection, and can be used with your existing CPA.
- In November, a taxpayer saved \$2 million, which translates to 25% of their total 2023 earnings.
